

Membership

Who are the members of AIP? They are as varied as the books in a library. They come from all corners of the UK, including Northern Ireland, as well as from Antigua, Cyprus, Eire, France, Gibraltar, Italy, Netherlands, New Zealand, Spain, St. Lucia, Thailand and USA. Over the years, several members have been profiled in News and Views, including person-centred counsellors from the Midlands and Northumberland, humanistic counsellors from the north and Rugby, integrative counsellors from Lancashire, London, Norfolk, and Gloucester, eclectic counsellors from London and a gestalt counsellor from Yorkshire.

Would membership be right for you? Please contact any of the Executive Team to ask the questions you still need to have answered and to find out how easy and affordable membership really is.
