

CONTENTS

In the spirit of learning from each other, the BACP Healthcare Executive is looking forward to welcoming you at the third BACP Practitioners' Conference, which will take place in London on Saturday 30 April this year. The Executive is delighted to be working with BACP Coaching and BACP Workplace for this one-day event which enables practitioners to cut across the boundaries of BACP divisions as well as seek out streams dedicated to their special interests. For up-to-date information, please visit www.bacp.co.uk/events.

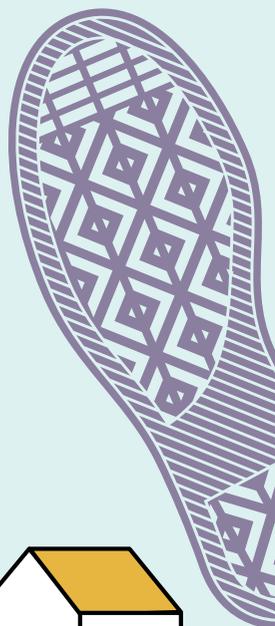

Finally, this will be my last issue editing the journal, and I would like to thank all the authors who have contributed over the four years I've been in the role, as well as everyone in the Journals department of BACP, who have supported me in doing the job. It has been my good fortune to work with all of you.
