

# WE ARE LOOKING FOR RESEARCH PARTICIPANTS

- ✓ Are you a qualified counsellor with experience working with multilingual clients?
- ✓ Have you provided therapy in a client's native language or chosen to use English instead?
  - If so, I invite you to participate in my research study exploring the role of language in therapy.

## What is the purpose?

- This study seeks to understand whether language choice and shared cultural background shape the therapeutic connection and overall effectiveness of therapy.

## Who can participate?

- Qualified counsellors (multilingual)
- Members of the BACP
- Experience working with multilingual clients

## What to expect?

- 60-min online interview (Microsoft Teams)
- Recorded & anonymised
- Confidential
- Voluntary

## Why participate?

- Your insights will contribute to a deeper understanding of how language and culture impact therapy effectiveness and may help shape future counselling practices.
