

# WHEN CLIENTS BRING CHATGPT TO THERAPY

## About the Study:

I am recruiting qualified **psychodynamic/psychoanalytic therapists** who have experienced clients bringing AI-generated interpretations (e.g., from ChatGPT, Claude) into therapy sessions.

## What's Involved:

- **One interview** lasting approximately 1 hour
- **Location:** Online (Microsoft Teams) or in-person
- **When:** March - May 2026
- **Confidentiality:** All information will be treated confidentially and anonymised

## Who Can Participate:

- Trainee or Qualified psychodynamic/psychoanalytic therapists
- Has experienced at least one instance of a client bringing AI interpretations into a session

## Interested?
