

Have you experienced therapy in prison?

Volunteers needed for research project

Who?

I am looking for 6-10 volunteers who had counselling or therapy while in a UK prison and were over 18 at the time of therapy.

What?

A recorded 1-1 conversation either in person or online where we talk about your experiences of having counselling while you were in prison.

How long?

Our conversation might take up to an hour. If you have more to say, we can arrange a 2nd interview.

Why?

By sharing your experiences, I hope you will help to improve future therapy in prisons. I also hope you will enjoy telling your story.
