

Call for Research Participants

To retire... *or not to retire?*

What are the factors
that influence
older therapists in
their decision making
about their futures?

**Are you a qualified and
practising counsellor
or psychotherapist
aged 60 years or older?**

**If so, I'd love to
hear from you**

Hello, I'm **Marion Jay**, a fully qualified,
BACP-accredited and experienced psychodynamic
counsellor and clinical supervisor

I am recruiting participants for a research study
as part of my MA in Counselling and
Psychotherapy Practice at Bath Spa University

**My study will focus on older therapists' experiences
of their own ageing and decisions about retirement**

Next →

What will it involve?

→ 1 online interview lasting no more than 1 hour

A chance to be part of a current research study into an important and often neglected area

What's in it for me?

← Opportunity for personal reflection and to inform your own career and possible retirement

What if I sign up and then change my mind?

→ Participation is entirely voluntary and confidential

You are free to withdraw from the study at any time

How do I know the research is bone fide?

The study has received full ethical approval from the Ethics Panel at Bath Spa University and is supervised by Dr. Nataliya Rummyantseva PHD
Email: n.rummyantseva@bathspa.ac.uk

I'm interested. How can I find out more?

Email: MARION.JAY24@bathspa.ac.uk
