

COUNSELLORS WANTED FOR COUNSELLING RESEARCH PROJECT !

Hi, my name is Julie, and I am studying for a BA (Hons) in Integrative Counselling at New City College in Hornchurch.

My research project asks the question “How do counsellors work therapeutically with adults who experienced peer bullying in childhood”?

I am carrying out research because I want to know how qualified, registered counsellors understand and work therapeutically with adults who have experienced peer-to-peer bullying in their childhood.

I am looking for counsellors registered with the BACP who have worked with adults who were subjected to peer bullying in childhood.

How do I participate and what will happen?

I will be interviewing you and 3 other counsellors separately via Microsoft Teams for no longer than one hour. All personal data will be anonymised and kept confidential. All participants will be asked the same 10 questions that can be forwarded in advance. You will have the opportunity to receive a copy of the completed project and ask any questions you may have through my college email.

Thank you for your time. I look forward to hearing from you soon!

Please contact: Julie. Email: 19236141@students.ncclondon.ac.uk
