

HAVE YOU SUPPORTED A CHILD OR YOUNG PERSON BEREAVED BY SUICIDE?

Counsellors Needed for MA Research Interviews

This research study will *Explore counsellors' experiences of supporting children and young people bereaved by suicide.*

The study aims to understand:

- The impact of this work on counsellors
- How practitioners make sense of their experiences
- The role of supervision, reflection and self-care
- How this work influences therapeutic practice and professional identity
- Therapeutic approaches used to support CYP following suicide bereavement

What's Involved?

- One online interview via Microsoft Teams
 - Approximately 60-90 minutes
- Fully confidential and anonymised

Who Can Take Part? You may be eligible if you:

- Are a qualified counsellor or psychotherapist with minimum Diploma Level 4 qualification
- Are registered with BACP, ACC, UKCP, NCPS, HCPC or equivalent
- Have supported at least two CYP bereaved by the suicide of a significant person
- Have worked with CYP within the last 18 months
- Are currently practising in the UK

Ethics & Confidentiality:

This study has received ethical approval from Waverley Abbey College and will be conducted in accordance with professional research ethics guidance. All data will be stored securely and processed in line with UK GDPR and the Data Protection Act 2018.
