How to progress to the Registered member MBACP category

We believe in high standards of training, robust ethics, and quality continuing professional development which we demonstrate by asking all our practising members to be on the *BACP Register of Counsellors and Psychotherapists*.

This reflects our commitment to safeguarding clients and ensures that they have access to competent and ethical practitioners.

The clear path through our membership categories echoes your career progression and gives reassurance to clients and employers of your quality standards. Registered Member MBACP is the minimum recommended level of membership that the public should be looking for when seeking a practitioner.

When you become an Individual member we allow you up to 24 months to progress towards meeting the requirements of the Register and ultimately achieve Registered Member MBACP status.

How to register

Once you receive confirmation of your Individual membership you'll need to look to meet the Register requirements so that you can become a Registered Member MBACP. Please don't leave this until you have been an Individual Member for 24 months to take any action as it could take some time to complete all the steps, putting your membership at risk.

Step 1

There are currently two training routes available depending on where you gained your qualification.

The first route:

If you have graduated from a BACP accredited course then you are eligible to register straight away as your course will have met the training requirements.

The second route:

If you have graduated from a non BACP accredited course then all you need to do is take and pass the free Certificate of Proficiency (CoP) assessment. This is a computer based multiple choice assessment where you are presented with six case studies and are asked to make decisions on those case study clients. You will need to book your CoP assessment as soon as possible to ensure that you can confirm your place as we cannot guarantee future availability.

Visit our website www.bacp.co.uk for a list of future opportunities.

Step 2

In addition, the BACP Register of Counsellors and Psychotherapists under the Terms and Conditions require you to:

- be in practice or have practised within the past three years
- comply with the BACP *Ethical Framework for the Counselling Professions* and any other statements issued by BACP
- abide by BACP's Professional Conduct Procedure
- ensure you have adequate, current and ongoing professional indemnity insurance to cover your area(s) of practice.
- undertake and record continuing professional development (CPD) in line with the Register's requirements
- ensure you have appropriate supervision in place
- declare any issues relating to character and fitness that may affect your practice.

Having fulfilled step one, and providing that you meet the Register requirements, you can now complete the online Terms and Conditions enabling you to progress to the Registered Member MBACP category.

It's a quick and simple online process from here which will only take 10 minutes of your time to complete.

Step 3

Just 24 hours after completing the Terms and Conditions you will be able to log in to your member account on our website and download your registration certificate and exclusive, personalised advertising logos.
