# Section 1

## Aims and application of the Professional Conduct Procedure

---

### 1.1 Aims

- a. The Professional Conduct Procedure provides Complainants with an open and transparent avenue of complaint where complaints are made against Members of the Association.
- b. The Association aims to act in the public interest to uphold standards of professional conduct and practice so as to maintain public confidence.
- c. The Association aims to protect members of the public, the name and reputation of the Association and the professions referred to within the Ethical Framework.
- d. These procedures are intended to promote the handling of complaints in an efficient, effective and proportionate way.

---

### 1.2 Resolution with the Member

Before submitting a complaint to the Association, the Complainant is expected to attempt to resolve the issue with the Individual or Organisational Member Complained Against and details of any attempt at resolution should be included within and form part of the complaint. If resolution with the Member is not possible/feasible or is considered inappropriate by the Complainant in the particular circumstances of the case, the Complainant should provide a written explanation within their complaint as to why this is the case.

---

### 1.3 The subject of a complaint

A complaint may be made in respect of:

- a. the provision of therapeutic services; or
- b. conduct which is materially relevant to a Member's fitness to provide such services.

---

## 1.4 Who can make a complaint?

- a.** A complaint can be made by:
- i. A person who has received or is receiving services provided by a Member of the Association; or
  - ii. A person acting on behalf of another person who has received or is receiving a service from a Member of the Association, where that person's written permission has been obtained and where the Association is satisfied it would be unreasonable to expect that person to bring the complaint on their own behalf (an explanation is required in writing as to the nature of the inability); or
  - iii. A legal guardian or other appropriately authorised adult, accepted by the Association as having authority to act on behalf of a minor, a minor being under the age of 16. Where a minor reaches the age of 16 during the course of a complaint which is being processed, their consent to continue with the complaint will be required by the Association; or
  - iv. A person accepted by the Association as acting on behalf of an adult lacking mental capacity (within the meaning of the Mental Capacity Act 2005) to bring a complaint in their own right, where that lack of mental capacity has been satisfactorily evidenced; or
  - v. the Association.
- b.** The Investigation and Assessment Committee (IAC) may, at the request of the Registrar, make a determination on whether the requirements of paragraph 1.4 a) i)-v) of the Professional Conduct Procedure are satisfied.

---

## 1.5 Complaints brought by the Association

If, in the opinion of the Registrar, the conduct of a Member is such that it would be in the public interest for the conduct of that Member to form the basis of a complaint, the Association may prepare and submit a complaint pursuant to this Procedure.

---

## 1.6 Who can a complaint be made against?

### **a. Complaints made against Members**

- i. Complaints may only be made in relation to conduct which takes place whilst a person is a Member, but consideration of the complaint may include consideration of the whole period of the professional relationship where this is relevant.
- ii. Subject to sub-paragraph i) above, complaints may be made against a former Member if they were a Member on 20 September 2013 or thereafter.

## **b. Complaints about Organisational Members**

Complaints may be made in relation to an Organisational Member where it is alleged that:

- i. The Organisational Member has failed to comply with professional standards or any conditions on membership imposed by or under any Standing Orders of the Association in force at the relevant time;
- ii. Any person providing therapeutic services on behalf of the organisation has failed to comply with professional standards;
- iii. The Organisational Member has failed to put in place suitable systems, arrangements and procedures (including, but not limited to, those in relation to training, supervision and complaints handling) to ensure that any person who provides therapeutic services on behalf of the organisation complies with professional standards.

---

## **1.7 Time limits**

- a. A complaint must be submitted within three years from the date of the most recent conduct giving rise to the complaint.
- b. In the case of a client who was a minor at the time of conduct giving rise to the complaint, the three-year period referred to in paragraph 1.7 b) will run from the date of the client's 16th birthday.
- c. The IAC may extend the time limit for submitting a complaint where the IAC considers that it is in the public interest to do so, having regard to the factors set out in protocol PR5.

---

## **1.8 Repeated complaints**

The Association will not consider any complaints where the conduct complained of has previously been substantially considered by the Association under the Professional Conduct Procedure, or any other of its disciplinary procedures, or suitability for membership procedures, unless there is substantial and sufficient new evidence, which was not reasonably available to the Complainant at the time of the previous complaint, as laid out in the associated protocol PR1, such that the IAC or the Panel consider that it is reasonable and in the public interest that the case should be reconsidered.

---

# Section 2

---

## 2.3 Preliminary investigation

- a.** The Case Manager will assess the complaint.
- b.** The Case Manager may request further information from the Complainant and/or Member to assist them in assessing the complaint. Any information requested should be submitted promptly, but in any event, within any time limit specified by the Case Manager.
- c.** The Case Manager may also give the Member the opportunity to submit a preliminary response with their observations within 21 days of the written notice specified under paragraph 2.2 being provided to the Member.
- d.** If the Member does not respond promptly, or at all, to a request for information under paragraph 2.3 b) without a reasonable explanation, this may be taken into account by the IAC should the complaint be referred to it pursuant to paragraph 2.8.

---

## 2.4 Case Manager's Threshold Test

- a.** Having assessed the complaint and any further information or preliminary response submitted in accordance with paragraphs 2.3 b) or c) the Case Manager will consider whether the complaint meets the threshold test.
- b.** A complaint meets the threshold test where it is a complaint which the Case Manager reasonably considers:
  - i. the facts alleged and evidenced by the Complainant could, if proved, amount to a failure by the Member to meet professional standards; and
  - ii. is not vexatious and/or frivolous in accordance with protocol PR2.

---

## 2.5 Case Manager outcomes

- a.** Where the Case Manager considers that a complaint does not meet the threshold test, they will inform the Complainant and the Member, and the complaint will be closed.
- b.** Where the Case Manager considers that a complaint meets the threshold test, they will consider whether a Letter of Advice is the appropriate outcome, with reference to paragraph 2.7, and either:
  - i. recommend to the Registrar that the complaint should be disposed of by way of a Letter of Advice in accordance with protocol PR3; or
  - ii. refer the matter to the IAC pursuant to paragraph 2.8.

---

- b.** There is no appeal against the Case Manager's recommendation to the Registrar to resolve the complaint by way of a Letter of Advice in accordance with paragraph 2.7.

---

## 2.7 Letter of Advice

- a.** A Letter of Advice can be used where there may have been a minor or technical breach of professional standards and where the criteria set in protocol PR3 are met.
- b.** The Case Manager will follow the process in protocol PR3 and, where appropriate, make a recommendation to the Registrar. If the Registrar agrees, the Registrar will issue the Letter of Advice. The Complainant will also be advised of the outcome.
- c.** A Letter of Advice is not a finding of misconduct, however, whilst no further action is taken, the decision is recorded and may be taken into account if future allegations or concerns are received.

---

## 2.8 Referral to the Investigation and Assessment Committee

Unless the complaint is dealt with by way of a Letter of Advice under paragraph 2.7 or is closed under paragraph 2.5 a), the Case Manager will refer it to the IAC.

---

# Section 3

- e. One member of the IAC Panel will be designated by the Registrar as Chair.

---

### 3.2 Consideration by the Investigation and Assessment Committee

- a. The IAC may request such further information or make such further investigations as it considers appropriate, including interviewing the Complainant and/or the Member in accordance with protocol PR6. The IAC may consider all of the information available to it whether or not the Complainant has specifically referred to it as a matter of complaint.
- b. The IAC will invite both the Complainant and the Member to make such written representation as it considers is required to ensure a fair consideration of the complaint.
- c. The IAC will consider the matter on the papers without the attendance of the parties unless it considers that fairness requires an interview.

The IAC will decide whether:

- i. The proceedings test is met; or
- ii. The complaint should be dismissed.

- d.** The proceedings test is met if in the opinion of the IAC:
  - i. the facts alleged would (if proven) amount to a failure to meet professional standards; and
  - ii. there is a realistic prospect that facts justifying a finding of such a failure will be proved; and
  - iii. that it is in the public interest for the complaint to be dealt with by way of the Disciplinary Proceedings Track or the Practice Review Process.
- e.** The decision of the IAC will be on a majority basis.
- f.** If the IAC decides that the complaint should be dismissed, the IAC will notify the parties and provide reasons for its decision.
- g.** If the IAC decides that the proceedings test is met, it will set out the formal allegations in relation to which it has found that the proceedings test is met and specify in relation to each allegation, whether it is an allegation of professional misconduct.
- h.** Where the IAC decides that one or more of the allegations is an allegation of professional misconduct, the case will be allocated to the Disciplinary Proceedings Track (see paragraph 5.7).
- i.** Where there are no allegations of professional misconduct, the IAC will allocate the case to the practice review process (see paragraph 5.8).
- j.** The IAC may set standard case management directions.

---

### 3.3 Formal allegations

- a.** The Case Manager will notify the Member and the Complainant of the formal allegations in writing, as formulated by the IAC in accordance with paragraph 3.2 g). The Member must formally respond to the allegations in writing within 28 days of notification or such further time as the Chair of the IAC may allow.
- b.** Where the Member does not provide a formal response in accordance with paragraph 3.3 a):
  - i. this may be taken into account by any determining Panel; and
  - ii. the IAC may, before referring the matter for a Hearing pursuant to paragraph 3.5, add an additional allegation that the Member has failed to co-operate with BACP and/or observe the Professional Conduct Procedure.
- c.** The Member may, in their response, request that the complaint be dealt with by way of consensual disposal (see paragraph 3.4). If such a request is not made at this point, any subsequent request may be rejected by reason of delay.
- d.** The Complainant will be provided with a copy of the Member's formal response to the allegations.

---

### 3.4 Consensual Disposal

- a.** On receipt of a request, the IAC will consider whether or not to deal with the complaint by means of consensual disposal in accordance with protocol PR7. The IAC may, where it considers it fair and appropriate, invite representations from the Complainant in relation to a proposed consensual disposal.
- b.** If the complaint is dealt with by means of consensual disposal, there will be no formal Hearing of the complaint. However, the agreement will be deemed to be a disciplinary decision and notified to the Complainant.
- c.** The agreement will be published in accordance with paragraph 8 a) of this Procedure.
- d.** Any material breach of the terms of the consensual disposal agreement by the Member will be referred to a Sanction Panel and may result in termination of membership/registration. Such a decision will be published in accordance with section 8 of this Procedure.
- e.** Where a sanction has been imposed by the IAC as part of the agreement relating to consensual disposal, it will be monitored by a Sanction Panel (see section 7).
- f.** Where membership of the Association is terminated as a result of consensual disposal, readmission shall be at the discretion of the Association, but in any event no readmission shall be permitted within five years of the removal.
- g.** If the IAC decides not to accept a request for consensual disposal, the complaint will be referred to the Professional Conduct Panel.

---

### 3.5 Referral to Professional Conduct Panel

- a.** If no request is made for consensual disposal, or such a request is made but following the procedure in protocol PR7 no outcome is agreed, the allegations will be referred by the IAC either for a Hearing on the Disciplinary Proceedings Track or for resolution under the Practice Hearing Process (see paragraph 3.2 h) and i).
- b.** At any time prior to a referral under paragraph 3.5 a) (or if a complaint is referred back to the IAC pursuant to paragraph 4.11), the Panel may reconsider in accordance with paragraph 3.2 whether the proceedings test is met, whether an allegation is an allegation of professional misconduct, and the allocation of a complaint to either the Disciplinary Proceedings Track or the Practice Review Process.

---

## 3.6 Interim Suspension

- a. The IAC may, in accordance with protocol PR9, decide to suspend a Member from membership of the Association pending the outcome of an investigation and/or disciplinary proceedings ("Interim Suspension") where it considers this is necessary for the protection of the public or otherwise in the public interest.
- b. The duration of an Interim Suspension imposed under paragraph 3.6 a) cannot exceed 18 months.
- c. In making any decision in relation to an Interim Suspension, the IAC will have regard to the particular circumstances of the case.
- d. The Member will be notified of any decision to impose an Interim Suspension.
- e. The Member may request a review of the decision to impose an Interim Suspension by written notice to the Registrar within 28 days of being notified of the decision.
- f. The review will be considered by the Independent Reviewer, in accordance with protocol PR8, and their decision notified to the Member. The Member may require that the review take place at a public Hearing.
- g. If the Interim Suspension is maintained following a review, or if a request for a review is not received in accordance with paragraph 3.6 e), notice of the suspension will be placed on the Association's website and may be published in the next issue of the Association's journal in accordance with the Association's Publication Policy.
- h. A suspended Member may apply in writing for their suspension to be reviewed where the circumstances, since the suspension was imposed or last reviewed, have materially changed.

---

## 3.7 Review of the decision of the Investigation and Assessment Committee

- a. If a complaint is dismissed in its entirety, a Complainant may make a written request within 28 days of notification of the decision for the decision to be reviewed. The Complainant may request a review on the following grounds:
  - i. The decision was clearly made against the weight of evidence; or
  - ii. There is new evidence that was not available at the time of the IAC's decision (subject to the conditions laid down in Protocol PR4); or
  - iii. There has been a clear error of fact or failure of procedure which was material to the decision made.

- b.** The Complainant must set out in the request a sufficient statement of the grounds for the review and provide any supporting documentary evidence.
- c.** Reviews will be carried out by an Independent Reviewer. The role of the Independent Reviewer is to consider the complaint that was assessed by the IAC. A review cannot deal with a new complaint or additional allegations.
- d.** The ground(s) of review, together with the original submissions and any new evidence, will be considered by an Independent Reviewer in accordance with the Independent Review Procedure as set out in protocol PR8. The Independent Reviewer's decision will be final. A copy of the Independent Reviewer's decision will be provided to the Complainant and the Member.
- e.** The Independent Reviewer may either confirm the decision of the IAC under review or refer the case back to a freshly constituted IAC for reconsideration and, in both cases, shall provide written reasons.
- f.** Upon a reconsideration, the IAC shall consider the complaint afresh. Following its decision, no further review is available.

#### **Practice Review Process**

- f. Practice Review Hearings and Practice Review Appeals will be held in private and will be recorded.

- c. The Panel must determine whether the established facts amount to a failure to meet professional standards or, where alleged, professional misconduct.
